

"My children love these camps and look forward to them each year. They are well run and fill their heads with great knowledge and a better understanding and appreciation of our natural environment."

- *Tracie Berthiaume*

ABOUT OUR CAMP

Since 1997, the St. Lawrence River Institute of Environmental Sciences has provided local youth with the opportunity to explore nature through day camps at Cooper Marsh.

The camps challenge participants to learn about science and the natural environment in a hands on, minds-on manner.

The Cooper Marsh Conservation Area is located near South Lancaster, 25km east of Cornwall along the Highway #2.

COST

Early Bird Fee: \$165/Week or \$35/Day

Regular Fee: \$35/Day or \$175/Week

DAILY THEMES

FEATHERED FRIENDS

MARCH 13

Bird is the word! Discover the fascinating world of birds. Join us to learn about where they go in the winter, how they fly and how to identify the birds in your backyard.

MAD SCIENTIST

MARCH 14

Calling all Junior Scientists! Have you ever wondered what it would be like to be a scientist for a day? Come and join us for fun, science experiments.

MICROSCOPE MANIA

MARCH 15

Explore a whole new world! Bring the smallest item you can find and look at it in a way you have never seen it before - the microscopic view! You will see things you didn't even know were there.

ECO-ARTS

MARCH 16

Express your creativity on environmental issues through the use of art! Grab your paint brush, dance shoes, musical instruments and camera to show us your creative and original views on the environment.

PLANET PROTECTORS

MARCH 17

Planet Earth needs you! Your mission is to help protect the world we live in. Join us to learn about the 3-R's, vermicomposting and endangered species. Come and share your planet-saving ideas with us!
