

# SCIENCE ODYSSEY

TEN DAYS OF DISCOVERY & INNOVATION

MAY 12 TO 21, 2017

## What is Science Odyssey?

- Canada's largest celebration of science, technology, engineering and mathematics (STEM).
- In 2016, Science Odyssey mobilized close to 400 organizations who hosted over 600 events in more than 200 locations across the country.
- Connects Canadians with researchers, scientists, government, academia, community organizations, museums and science centres through engaging, fun and inspiring experiences.
- Opens the doors to labs, museums, research centres, and many other science institutions and organizations that help foster a strong science culture in Canada.
- Helps Canadians recognize that science, technology and innovation shape our daily lives.
- Powered by NSERC, a federal agency that is the focal point for discovery and innovation in natural sciences and engineering and ensures Canada is producing major discoveries and world-firsts in cutting-edge, high-impact domains that will shape the world we live in.

## How can you participate?

- Organize a science-related event or activity.
- Align your existing activities with the Science Odyssey calendar.
- Contact us to help you with online resources, ideas, tips and easy-to-do activities.
- Consult the list of past events and get inspired by previous experiences.
- Connect with us or with other partners and join the celebration.

## What have past participants said about Science Odyssey?

*"Having a national event to promote our local science events was a fun way to interact with new school groups and partners, and we agree that this was a step in the right direction. Looking forward to next year!"*

- **St-Boniface Hospital, Albrechtsen Research Centre, Youth BIOlab Jeunesse**

*"All in all, Science Odyssey 2016 was a tremendous success in delivering fun and engaging science promotion."*

- **Science World**
